

Smartphone technology for beekeepers and the environment

Dyfodol cadw gwenyn Cymru?

Introduce our next generation to beekeeping, in the way they expect to see it: *ar eu ffôn Smart*, in English and Welsh. No more paper record keeping or numerous phone calls about swarms. Bee.Watch also includes versions for Bystanders, Farmers and other pesticide users.

The Upstairs Downstairs Intrance

The entrance Langstroth
should have patented!

Giving back to bees an
entrance they can defend.
Available from www.bee.watch

The World Owl Trust launches *the WOT's app*. Receive the app as part of your subscription and help contribute to owl conservation and distribution data. Also in Welsh and a host of other languages, powered by Bee.Watch.
